

## Claims

- [c1] A method comprising:
- displaying a plurality of original document visual objects of an original document;
  - inserting into the original document a plurality of visual cue objects corresponding to print job ticketing parameters, thereby creating an amended document, and displaying the plurality of visual cue objects; and
  - removing from the amended document, for specific operations to be performed on the amended document, at least one of the plurality of visual cue objects and performing the specific operations.
- [c2] The method of Claim 1 wherein the specific operation is a save operation.
- [c3] The method of Claim 1 wherein the specific operation is a print operation.
- [c4] The method of Claim 1 wherein said step of inserting further includes inserting an unseen marker with each of the plurality of visual cue objects and wherein said step of removing the at least one of the plurality of visual cue objects further includes locating the unseen marker.
- [c5] The method of Claim 1 wherein said step of inserting further includes maintaining a list of each of the plurality of visual cue objects inserted and wherein said step of removing the at least one of the plurality of visual cue objects further includes referencing the list and identifying the at least one of the plurality of visual cue objects to be removed.
- [c6] The method of Claim 1 wherein said steps of inserting and removing are performed by a plug-in to a document editor providing a plug-in interface.
- [c7] The method of Claim 6 wherein the plug-in is further effective in performing the step of:
- applying certain of the print job ticketing parameters to all pages of the document.
- [c8] The method of Claim 6 wherein the plug-in is further effective in performing the step of:

applying certain of the print job ticketing parameters to selected pages of the document.

[c9] A program product comprising:  
a computer readable medium;  
program instructions on said medium which, when executing on a processors,  
are effective to:  
display a plurality of original document visual objects of an original document;  
insert into the original document a plurality of visual cue objects corresponding  
to print job ticketing parameters, thereby creating an amended document, and  
display the plurality of visual cue objects; and  
remove from the amended document, for specific operations to be performed  
on the amended document, at least one of the plurality of visual cue objects and  
performing the specific operations.

[c10] The product of Claim 9 wherein the specific operation is a save operation.

[c11] The product of Claim 9 wherein the specific operation is a print operation.

[c12] The product of Claim 9 wherein said insertion further includes inserting an  
unseen marker with each of the plurality of visual cue objects and wherein said  
removal of the at least one of the plurality of visual cue objects further includes  
locating the unseen marker.

[c13] The product of Claim 9 wherein said insertion further includes maintaining a list  
of each of the plurality of visual cue objects inserted and wherein said removal  
of the at least one of the plurality of visual cue objects further includes  
referencing the list and identifying the at least one of the plurality of visual cue  
objects to be removed.

[c14] The product of Claim 9 wherein said insertion and removal are performed by a  
plug-in to a document editor providing a plug-in interface.

[c15] The product of Claim 14 wherein the plug-in is further effective to apply certain  
of the print job ticketing parameters to all pages of the document.

[c16] The product of Claim 14 wherein the plug-in is further effective to apply certain

of the print job ticketing parameters to selected pages of the document.
